MY SHOWROOM
YOUR DIGITAL PORTAL

Today, the market has accelerated the growth of B2B online channels.

Given the numerous travel restrictions, companies have had to adapt to this status and use new communication technologies.

"To push the world forward, we need to spend more time thinking and less time traveling."

For these reasons MYR is proud to present to the market a new tool for your business: MYSHOWROOM.

MYSHOWROOM is a cloud space where we provide you with a digital portal that can be integrated with your website.

It's the ideal solution to improve internal and external communication, offering an effective and immediate system of interaction with your customers.

ADVANTAGES FOR YOUR COMPANY

- Present your collections.
- Create and manage the archive of your products.
- Organize video presentations.
- Receive sample orders.
- Connect to your management systems and simplify data loading and order management.
- Increase the efficiency of communication and reduce delivery times.
- Reduce the costs of collection, transportation, travel, and environmental impact.
- Analyze data by item, color, composition, customer, geographic area, season, etc.
- Control and manage requests for access.
- Offer a new and ecological system of work to your customers 24/7.
- Invite new customers by providing limited and managed access.
- Myshowroom is customizable according to your graphical/operational needs.

ADVANTAGES FOR YOUR CUSTOMER

- Quick and easy product search through filters.
- View the product in high definition and zoom.
- Detailed product information.
- Certifications, technical data, additional features PDF.
- Pre-selection of articles via favorites cart.
- Easy and intuitive order management.
- Adding notes for each individual article.
- Receive sample orders.
- Request video presentation of the selected products before placing the order.
- Access via PC, Computer, Tablet, Mobile 24/7.

Customers using MYR Look Customizer software will be able to, with your permission, download product images, and customize them by creating the variants to be attached to their sample order.

Easy like a purchase on the most popular e-commerce platforms

DETAILS AND DISTINCTIVE FEATURES

- The interface is simple and its architecture facilitates its use both on the server and client-side.
- The input fields are customizable to adapt to your products.
- Redundant data (such as product certifications) can be entered only once.
- It speeds up data export to facilitate your customers' sample request processes.
- Improves the creation and management of your old and new archives.
- For your customer, the sampling request experience will be quick and easy in a few clicks, like a purchase on the most popular e-commerce platforms.
- It allows you to maintain your corporate identity and differentiate yourself from your competitors in the marketplaces.
- Available in all countries of the world without any restrictions.

No APPs to download for you or your customers. MYSHOWROOM is customizable with your logo and your institutional colors to respect and coordinate with your corporate identity.
